REF : Your Memorandum dated 23 September 1955,
Subject as above

1. I am agreeable to the modifying of current message preparation procedures on a test basis to determine the feasibility of adopting the Flexowriter for the preparation of distribution copies of cables. Accordingly, I have directed my staff to make the necessary changes in procedure, and to establish a one-week test with the

2. At the conclusion of the test, an evaluation of the new procedure will be made from a communications standpoint. This evaluation will assist in determining whether adoption of the procedure will result in a net saving to the Agency.
